

The parts you need.
The performance you expect.
All from one source.

The Haldex brand stands for innovative solutions focused on safety and vehicle dynamics as well as the proven quality of original equipment.

Haldex has led the way in brake and suspension system technology for more than 100 years. The product portfolio includes disc brakes, automatic brake adjusters, EBS systems as well as air treatment and suspension systems.

Today, and in the future, Haldex provides innovative solutions that add value for a world of safer vehicles.

Three brands, one partner. With
Grau and Reman, Haldex now
offers choice in vehicle servicing.

The average age of vehicles is increasing. And with age comes
need. That's why Haldex now offers a range of economical but
safe, quality alternatives in spare parts based on vehicle age.

All choices are available from the same source and are
supported by the entire Haldex logistics and service
organisation.

Grau

Distributed by Haldex

Air coils and tubes

Air tanks and saddles

Plugs and sockets

Fittings

...

Product range is expanded continously

Grau – robust technology with a very favourable price- performance ratio

An established brand with a solid reputation is being relaunched.

Durable and reliable, Grau products are thoroughly tested for compliance with Haldex standards and come with a full warranty.

Grau products today include air tanks and saddles, fittings, air coils and air tubes as well as electrical coils. Actuators and disc brake pads will soon be added to the product range.

Reman

Distributed by Haldex

Compressors

...

Product range is expanded continuously

Reman – the Haldex brand for remanufactured products in Europe

Reman offers affordable and environmentally sustainable solutions. As Haldex-certified products, you can count on high quality and excellent performance.

Haldex specifications are demanding: they require precise machining, manufacturing and assembly. Each product is tested to ensure on-road reliability and is backed by a full warranty.

The current focus of the Haldex Reman line in Europe is compressors. The range will be expanded continuously in the future.

Haldex develops and provides reliable and innovative solutions focused on brake and air suspension products to the global commercial vehicle industry.

In 2015, the company had net sales of approximately 4.8 million SEK and employed a workforce of 2,140 people.
